"VOTE AS AMERICANS"—
FOR WILSON, SAYS EDISON

No Time Now to Try an Inexperienced Man, Declares Inventor, Leading President.

By GEORGE CREEL.

"Times are too serious to talk in terms of Republicanism or Democracy. Parties are all right, reckon we've got to have them with our system of government. But when it's America that's at stake, men have got to vote as Americans, and not as Democrats or Republicans."

This is the message to the American people that Thomas A. Edison gave to me in a recent interview.

"This man Wilson has had a mighty hard time of it," he continued. "I don't

THOMAS A. EDISON.

believe there was ever a president who had as many big questions to decide. They have come in bunches. He hasn't always pleased me, just as I suppose he hasn't always pleased other people, but when you look the record over, it's so good that criticism comes close to being nothing more than cheap fault finding.

"A fool or a coward would have had the United States in all sorts of trouble. As it is, we are at peace, the country was never more prosperous, and we have the strength that comes with honor and integrity of purpose."

"Had we recognized Huerta, it would have served notice upon the world that the United States, while believing in democracy for home use, was willing to stand for despotism where other peoples were concerned. President Wilson's Mexican policy has been wise and just and courageous."

"Belgium? Hindsight! In the light of two years, it's easy to say what should have been done. But at the time, not a single paper or a public man even thought of anything but keeping the United States out of the European horror."

"As I said at the start, it has just been one big thing after another with Wilson. I never have known so many dangerous questions brought up for decision to any one President."

"Look at the threatened general railroad strike. If carried through, such a strike would have thrown the whole country into confusion."

"In my opinion, Mr. Hughes, if President would have found it difficult to decide on the best course for the Government to take in such matters. His capacity for hindsight, as we learn from his speeches, is highly developed, but as to his foresight, we are not equally well informed."

"They say Wilson has blundered. Perhaps he has. But I notice that he usually blunders forward."

"Mr. Wilson now has had about four years of experience, and I think that he has earned faith and trust. I do not think it a sensible thing to change to an inexperienced and untried man. Therefore, I am for Woodrow Wilson."

When You Take Cold.

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

Hughes says Wilson meddled in Mexico—Headline. Well, Hughes meddles everything he undertakes, so the difference is in Wilson's favor.

To The Public.

In last week's issue of the Ste. Genevieve Herald, an article appeared which, if not intended to mislead the tax payers of the county did in my judgment have that effect and as Presiding Judge of the County Court, who is responsible to some extent for the handling of the public funds, I deem it only fair to the people and myself to repudiate the statement made and to give to the people the facts.

Now let's see what we did with the money we had to repair the approach built for Establishment bridge which cost us, I believe, over \$200, then we have painted all the bridges in the county which cost us considerable, then we have built some of the finest concrete culverts in Jackson Township (along the St. Louis road) and that any one ever looked at and they are there to stay and I am proud of them.

Go with me Mr. Treasurer and Mr. Herald from here to Coffman and you can see where some of your money was spent. Then go out towards Farmington and look some more, then go south from Coffman to Minnith and come back by Ozora and you will find where the money was spent. Then, if you please, go to Farmington on the old plank road, and of course you would say that the road is in very bad shape, you would no doubt feel to see the new iron bridge over Jones creek with the hills at either approach, the bridge is not paid for yet but it will be by the 1st of next Feb., but the public will have the use of it just the same and I am proud of it. Then when you get to Farmington come out the old Burks road and there you will find almost 1.25 miles of the finest plank road in this part of the State built with the help of the good farmers in the neighborhood for a very little over \$1,000.00. There never was, I will venture to say, that much rock road built for the money and it is a rock road in a true sense all the way from 8 to 15 inches thick and will be there for 50 years and I am proud of it. Now go northwest from the rock road to the St. Louis Flat River road and there you will find a still better road, between now and then, I have never seen a road that is better than this one and what is bothering me most now is I am afraid we can not get the money spent before the bad weather sets in, for I promised the people if I was elected County Judge, I would spend their money and I have never let a penny of it go to waste.

Yes, the County Special Road Fund is depleted, that is what the Treasurer says. Now in fact and in truth it is not depleted and I went over the tax statement with the County Clerk and we have available, between now and the 1st of Feb. 1917, something over \$6,000. The books are already turned over to the collector and the money is due and will be paid by Feb. 1st. Now as to the statement in the Herald that Mr. Rehm, the Treasurer, refused to endorse or stamp the warrants there is no truth in the statement. At first he did say he would not or could not or something of the kind but I had no or very little trouble in having the gentleman place on the back of each warrant a simple "I warrant" and as to the warrants drawing interest the Herald knows better, as they will draw 6 per cent until paid. Now Mr. Herald and Mr. Treasurer when did you find the law quoted, you surely just dug it up to fit this particular case. I am sure you did not know of this law last year.

So, let's see, there was a balance in the County Revenue Fund Feb. 1st, 1915, of \$7,765.76. I recollect that that fund from Feb. 1st, 1915 to Feb. 1st, 1916, was \$24,420.48, and this together with the balance available for that year all told \$32,186.24, now you know and I know and intend for the people of this county to know that the total expense of the County Court was \$34,074.20 or \$2,887.96 in excess of the revenue and we owed \$2,887.96 in Feb. 1916, and we had less than \$0 in the Treasury at that time and that was all O. K. and the same showed goodly money in the County Treasury.

Now the banks refused to cash the road warrants so the Herald says, and I will give him credit for that is the truth. They did refuse to cash them but the Bank of Coffman and the Farmington Bank will surely cash them. (Take a chance on getting 6 per cent interest.) I asked Mr. Treasurer why the Banks refused to cash them and he said they had all that they could carry and I asked him how much they could carry and he said about \$0. Now, I don't doubt, but forgot showing me his books less than one year ago and we owed outstanding warrants right in the neighborhood of \$17,000. He told me that they were in the Ste. Genevieve Bank. Yes, the banks would handle them but that enormous amount without the available money in sight to pay same with and the same good honest showed man was treasurer stamping these warrants by the thousands.

"Oh! consistency there are a few."

Now in conclusion I will say I do not like a newspaper controversy. I could go on and tell many things that have been done in favor of the few but will abide time. I know I am right and I will wait. I am not in the banking business, I do not know how to save money, I only know how to spend it. I suppose it would have pleased our banker friends and the Treasurer for us to have held over \$3 or \$4 thousand and let it lay in their vaults and the county get at 1-2 percent and they could come out at 6 or 8 per cent. Of course that would be O. K. with the banks but not with the County Court as it now stands, for the time has past when any bank or corporation will control the public money of Ste. Genevieve County.

I for one am for good roads and good roads we are going to have, and the only way to get them is to spend the money and I would much rather have a depleted treasury and good roads, than to have the treasury over-loaded with money and our farmers pulling their teams to death, wearing out their wagons and at the same time paying their road tax. Am I right or am I wrong.

Very respectfully,
THOS. B. STRATHMAN.

Can you doubt the evidence of this Ste. Genevieve woman?

You can verify Ste. Genevieve endorsement:

Mrs. Joseph King, Market St., W., Ste. Genevieve, says: "I had kidney complaint from childhood. I noticed that when I caught cold, it disordered my kidneys and brought on an attack of backache. Often I could hardly stoop to tie my shoes. The kidney secretions were disordered and their irregularity in passage annoyed me a great deal. I read such good reports about Don's Kidney Pills that I finally got some from Hinch & Douglas' Drug Store and began using them. I soon had relief and I continued until cured."

Died October 6th, Golda Frances Purl, beloved daughter of D. B. and Ursula Purl, at the age of 9 months and 12 days.

We miss thee darling Golda, From the familiar place, We do not hear thy merry noise Or see thy cheerful face.

We miss thee at bed time, We feel thy absence there, And oh! what sorrow fills our heart To see thy vacant chair.

Death has claimed our darling Golda, And she'll never more return, Back to earth to greet her dear parents, Who are left alone to mourn.

Go to meet the blessed Savior, Who for us his blood did give, Come to join the band of Angels, There with Salome her soul live.

She has gone to the realms of the blest, Where sorrow can reach her never, She has passed through the gates of rest, She is lost from our eyes forever.

Dear mother do not grieve, It was sweet on earth, But sweeter Heaven I have gone, To join the Angels on yonder shore, Dear mother and father good bye.
